

FIREFIGHTER PARAMEDIC JOB DESCRIPTION

ADOPTED: 11/19/2019

REVISED: 07/01/2024

GENERAL STATEMENT OF DUTIES

A member of the Jefferson Fire District performs a wide variety of functions and provides services in various program areas including, but not limited to, fire prevention, fire suppression, emergency medical services and training.

SUPERVISION RECEIVED

Works under the supervision of station and District officers, who assign work details and previews performance for conformance with District Operational Guidelines and Board Policies. Receives indirect medical program supervision from the Physician Director.

SUPERVISION EXERCISED

Directing district personnel at the scene of a medical emergency when tasks are directly related to patient care. In the absence of an officer, a firefighter, when qualified, may work out of classification to direct the activities of other firefighters in the performance of their duties. May act as a supervisor in the command structure at incidents.

EXAMPLES OF ESSENTIAL JOB FUNCTIONS

1. Drive apparatus, uses most expeditious route, and observes traffic ordinances and regulations;
2. Performs diagnostic and medical procedures within their scope of practice;
3. Ensures that crew quarters, fire station and assigned apparatus are clean, maintained and safe for operation;
4. Accurately completes written and verbal reports for both medical and fire incidents;
5. Completes online training as required for both fire and EMS;
6. Checks drugs and equipment daily to ensure proper control and inventory;
7. Responds to emergency incidents including fires, medical emergencies, MVA, hazardous situations, rescues, environmental emergencies, and other requests for public assistance;
8. Assists in lifting, carrying, and transporting patient to ambulance and on to a medical facility;
9. Checks all equipment for future readiness, maintains apparatus in operable condition, maintains familiarity with all specialized equipment;
10. Accesses protected health information and other patient information only to the extent necessary to complete the duties of this job.
11. Performs all firefighter functions including interior, exterior attack, use of SCBA, and other firefighting tasks.
12. Other jobs as assigned

FIREFIGHTER PARAMEDIC JOB DESCRIPTION

FIREFIGHTER PARAMEDIC JOB DESCRIPTION

WORK ENVIRONMENT

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee regularly works in outside weather conditions. The employee occasionally works near moving mechanical parts and in high, precarious places and is occasionally exposed to wet and/or humid conditions, fumes of airborne particles, toxic or caustic chemicals, risk of electrical shock and vibration, and extreme temperatures.

The noise level in the work environment is usually moderate, except during certain firefighting or EMS activities when noise levels may be loud.
